Four pre-conferences, six plenary sessions and 48 workshops will be presented during the NAADAC Leading the Way conference in Indianapolis from August 11 to 15, 2012.

[Learn more about the NAADAC Leading the Way Conference](#) or [look at the conference schedule](#)

The conference, the first one NAADAC has hosted in three years, is focused on delivering cutting edge education and providing an educational experience targeted at addiction-focused professionals. Knowing professionals need to earn as many education credits as possible, the Leading the Way conference will offer over 30 continuing education credits.
