

NAADAC is committed to advocating for the best interests of its members, clients, communities and the profession overall. Without the dedicated advocates who stand up for the profession, our members will not have a voice.

Public Policy

[Learn more](#) about current public policy issues like parity, health care reform and workforce development.

Become an Advocate

Receive legislative alerts, policy updates and much more. It is free and open to everyone! [Contact us for more information](#)

.

Advocacy Conference

The NAADAC Advocacy Conference is designed to educate addiction professionals about current public policy issues and to bring their day-to-day experiences and stories to decision-makers at all levels of government. [More information](#) .

Find your Senators and Representatives

The combination of your active grassroots advocacy and NAADAC efforts in Washington can create a powerful and influential voice in the legislative process. Use these links to contact your

[Senators](#)

and

[Legislators](#)

.
