Conference delivery format

Agenda followed

Ease of registration

Objectives met

1. Participants will be able to identify the four types of agreements to lead persons out of the stage of misery and into more healthy relationships. (Financial, emotional/psychological, spiritual, physical/spatial).

2. Increase their knowledge of the pharmacological aspects of CBD and how it pertains to the addiction treatment field.

3. Increase knowledge of the pertinent activity in Kentucky and the United States related to addiction treatment and recovery efforts.

4. Increase their knowledge of what the KORE grant is and how it is having an impact on the opioid epidemic in Kentucky.

5. Increase their knowledge of what a credentialed addiction treatment provider can and cannot do in relation to treating a client presenting with co-occurring disorders.

6. Increase their knowledge related to effective strategies to engage and provide services for family members of those negatively affected by someone with a substance use disorder.

Your comments on the following are appreciated.

What was the most valuable part of this conference?

What would you change if this program were offered again?

Suggested topics for future trainings:
