Experience

Carolina House- Residential Eating Disorder Treatment Center- *Master of Social Work Concentration Intern*
Durham, NC

08/2016-05/2017

- Conduct biopsychosocial assessments, treatment goal setting and discharge planning.
- Lead 3 psychoeducation addictions groups each week for all residents
- One-on-one therapeutic sessions with clients to progress toward treatment goals.
- Maintain timely documentation of all groups and sessions in electronic records system

Boomerang, Suspension Alternative Program- *Master of Social Work Intern*
Chapel Hill, North Carolina

08/2015- 05/2016

- Lead groups of high school and middle school students through discussions of values, behaviors and psychoeducation
- One on one work with youth to identify goals and positive strategies to reintegrate with their communities

Lincoln Healthcare for the Homeless Clinic- *Community Health Worker/ SOAR Worker*
Durham, North Carolina

02/2013- 08/2015

- Outreach to individuals experiencing homelessness and connect them to services to address substance use disorders, mental health, chronic and acute health care issues.
- Coordinate with community resources to help meet complex medical, biopsychosocial needs
- Utilize **SOAR** model to apply and obtain disability benefits and Medicaid for eligible clients
- Regularly conduct measurement tools and submit monthly grant reports to **National Healthcare for the Homeless Council** for this Centers of Medicaid/Medicare funded project.

Acknowledgments, Publications, Presentations of Note
