The NAADAC Approved Education Provider Program highlights a continuing education provider's commitment to quality education and dedication to excellence. NAADAC Approved Education Providers offer training and education for addiction professionals who are seeking to become certified for the National Certified Addiction Counselor, Level I (NCAC I), National Certified Addiction Counselor, Level II (NCAC II), Master Addiction Counselor (MAC), and/or other National Certification Commission for Addiction Professionals (NCC AP) Credential.

The NAADAC Approved Education Provider emblem signifies that an organization has voluntarily opened its educational programs to

examination by an independent body for content applicability to state and national certification standards. This rigorous review process ensures that learners receive a consistent, reliable and quality learning experience that is applicable to their careers and advances their understanding of addiction-related issues.

Those participating in programs offered by NAADAC Approved Education Providers are assured that the continuing education credits (CEs) provided for each course will be accepted toward national credentialing by the NCC AP, as well as many other individual state licensing/certification bodies.
