- And more!

The NAADAC Approved Education Provider Program highlights a continuing education provider’s commitment to quality education and dedication to excellence. NAADAC Approved Education Providers offer training and education for addiction professionals who are seeking to become certified/licensed and for those who want to maintain their certification/license at the state or national level.

Those participating in educational programs offered by NAADAC Approved Education Providers are assured that the continuing education (CE) hours provided for each course will be accepted toward national credentialing by the National Certification Commission for Addiction Professionals (NCC AP), as well as many of the individual state licensing/certification bodies in the addiction and other helping professions.

The NAADAC Approved Education Provider emblem signifies that an organization has voluntarily opened its educational programs to examination by NCC AP for content applicability to state and national certification standards. This rigorous review process ensures that learners receive a consistent, reliable, and quality learning experience that is applicable to their careers and advances their understanding of addiction-related issues.
