3 REASONS
YOU SHOULD BE USING TIME2TRACK TO LOG SUPERVISION HOURS

If you're not already using the leading web-based software tool to track your supervision hours, you're missing out! Read on for three reasons to start using Time2Track today.

REASON 1
IT SAVES YOU TIME TODAY.

You're busy, so it's easy to put off entering hours when you can always get to them later. But when you do have a chance to catch up, it might be hard to remember details that were fresh in your mind just hours ago. The result? Underreported hours and experiences.

"

There is simply no other system with the reputation, ease of use and team of dedicated professionals like Time2Track for documenting your hard-earned training experiences.

- Christopher B.

"

Time2Track allows me to keep all of my clinical hours organized and in one place. I highly recommend the program to clinicians who need to track hours for professional purposes—it will make your life easier when applying for licensure!
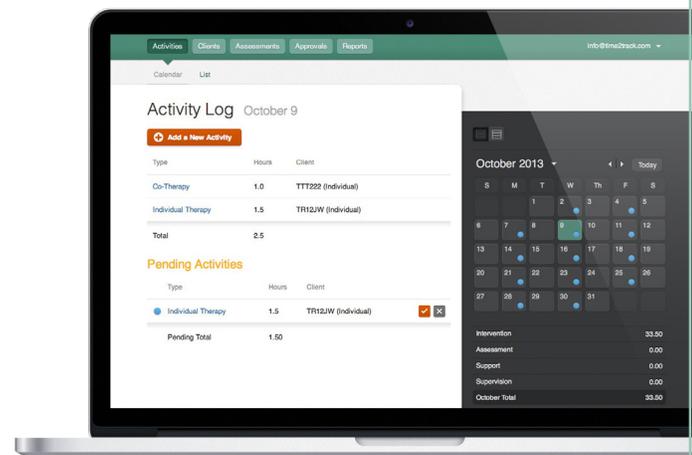

- April R.

With Time2Track, there's no need to fall behind in your record keeping because you can log your hours in real time from any device.

REASON 2
IT SETS YOU UP FOR SUCCESS TOMORROW.

Computers crash, smartphones break and notebooks get lost. If all your logs and records were on those devices, they may be lost for good when it comes time to apply for licensure.

Get organized today with Time2Track and you'll not only have all of your information in one place, but you'll be able to see real-time reports, charts and graphs that show your progress at-a-glance. As an added bonus, you can generate reports with the click of a button for your supervisor's signature.

> "
> I used Time2Track all through graduate school and licensure…It was unbelievably easy to enter my hours and then print them out for my supervisors and for the licensing board. I feel very lucky to have found Time2Track.

REASON 3
IT WORKS WITH YOUR BUDGET.

Time2Track has options for every budget. Start out with a free, no-credit-card-required trial for 30 days. If you like what you see, choose a yearly subscription or a pay-as-you-go monthly subscription.

> "
> If you need a system that lets you effortlessly compile all of the information you will need for licensing, you need to use Time2Track.
>
