Webinar Agenda

Implicit Memory and Connection in Addiction Treatment
https://www.naadac.org/implicit-memory-webinar
Wednesday, November 9, 2022 @ 3:00-4:00 pm ET (2CT/1MT/12PT)

**Agenda:**

3:00 – 3:20 pm Introduction/overview- building and maintaining connection is essential in addictions treatment; development of attachment styles and the role this plays in substance use disorders

3:20 – 3:40 pm Early object relations development and the unremembered assumptions that impact relationships and which lead to favoring substance use over intimate human connection.

3:40 – 3:55 pm Using the client/clinician relationship itself towards recovery: goals, pitfalls, rupture and repair, transference, and countertransference.

3:55 – 4:00 pm Q&A and Conclusion
